This policy provides the process to ensure each Grand Council Convention (GCC) meets the needs of the Fraternity, outlines the responsibilities of those planning the convention and describes the process for selecting a site.

### **Policy/Procedure**

#### *Dates, Timing and Scheduling*

- The exact time and date of GCC shall be determined by the International Executive Committee.
- The length of GCC shall be of sufficient time to ensure all standard activities can be conducted. These activities may include, but are not limited to: programs, workshops, continuing education and Fraternity business.
  - The agenda for Fraternity business must be approved by the Grand Regent.
  - Free time for members to socialize shall be included during the program at the discretion of the Grand Regent and GCC Convention Chairperson.
- The election of International Officers usually is conducted during the last general session of GCC.
- The Anniversary Banquet is held on the last evening of GCC. During the banquet, the installation of new International Officers is conducted along with any award ceremonies. Receptions (Openings, Graduate, Grand Council Deputy, etc.) are held as deemed necessary by the International Executive Committee and GCC Convention Chairperson.

#### *Goals of GCC*

- To provide an international meeting for Collegiate and Graduate members to conduct Fraternity business that may come before it in proper order.
- To provide a forum for Chapters to share experiences both successful and unsuccessful. The gathering of the membership provides all in attendance the opportunity to meet members from across the world and experience the true meaning of brotherhood.

#### *Physical Requirements of GCC*

- The facility should provide meeting spaces large enough to meet specifications on a daily basis. This is determined by the GCC Convention Chairperson based on the approved agenda by the Grand Regent & Executive Director.
  - A sufficient number of smaller meeting rooms set to our specifications for continuing education meetings, workshops, caucuses, and receptions should be available.
  - If necessary, a convention center or similar space may be used dependent upon room requirements.
- The banquet facilities must be of size and staff to provide service comfortably for persons who may attend both the Alpha Reception and the Banquet.
- Hotel room rates for members should be kept as low as possible to enable the members to attend without undue financial hardship.
- The convention site ideally should be close to a major airport, but this is not a major requirement if easily accessible by automobile.

*Responsibilities of the GCC Convention Chairperson*

### **Policy/Procedure**

#### *Procedure for Establishing or Reactivating*

- Step 1. Interested person(s) contact(s) The Central Office regarding the interest in starting or reactivating a Kappa Psi Chapter.
  - The Central Office forwards (via email) information on how to Charter a Chapter, including this policy, a list of any known Brothers living in the area (if requested), and any additional information related to this proposed chapter.
  - The Central Office notifies Alpha Chapter of the interest.
    - This communication will include notification of the interest in forming a chapter as well as the interested person(s) contact information.
  - The Grand Regent will appoint a Liaison to oversee the Chartering/Reactivation from this point forward.
    - This liaison shall be required to check in with all parties weekly to ensure pledging is moving forward appropriately.
      - These updates shall be forwarded to the Grand Regent and Executive Director.
    - The liaison shall be responsible for notifying the Province Satrap and Supervisor in which the Chapter would be located.
  - The Liaison, after consultation with the Grand Regent, shall select a Brother to visit the site and/or give a presentation about Kappa Psi at the School/College of Pharmacy to interested students.
- Step 2. The Province Satrap is responsible for contacting the interested person(s). The Province Satrap will provide any necessary support from the Province level.
- Step 3. Permission must be obtained from the administration of the school/college of pharmacy before any further steps are taken (this includes any overriding rules the College or University has beyond that required by the school/college of pharmacy).

- Step 4. The group must identify one primary school contact who will be responsible for all communication between the Grand Regent's Liaison and their prospective Province Satrap, until such time as the Colony begins pledging and is able to elect a provisional Regent. At that time, that person shall become the primary point person.
  - A faculty advisor must be identified by the interested group (this person does not need to be a Brother, only eligible to become a Brother). This person MUST be employed faculty as approved by the Dean of the College/School of Pharmacy with knowledge of school rules and regulations.
  - The primary point person is responsible for keeping the proposed/reactivating chapter, faculty advisor, Satrap, and Grand Regent's Liaison up to date with weekly emails concerning the progress of the chapter.
- Step 5. Once permission has been obtained from the College or University, the Grand Regent's Liaison, Province Satrap and the Provisional Regent will work together to obtain the required letter containing five (5) signatures of Graduate Brothers in the area requesting the formation/reactivation of the Chapter.
  - Once the letter has been received by The Central Office, the group will be known as the (Insert School/College of Pharmacy) Colony of Kappa Psi and may now begin pledging.
    - The Grand Regent, Grand Regent's Liaison, and faculty advisor for the Colony (after consultation with the Province Satrap) will determine the best person to lead the pledging of the Colony.
    - The entire pledge process, as well as all pledge activities, must be approved in writing by the faculty advisor. No activity may commence without written consent by the faculty advisor.
      - The faculty advisor is strongly encouraged to attend all pledge meetings and activities. If unable to do so, they will appoint another graduate Brother to attend in their place.
- Step 6. The Colony shall begin their pledge process which shall include:
  - Creation of local ordinances and submission to the Grand Counselor for review and approval.
    - The Constitution allows the Legislative Committee 90 days to review local ordinances, thus any chartering date must be at least 3 months from submission of the ordinances.
  - Election of Provisional officers for the constitutionally required chapter offices.
  - The Colony shall submit at least 3 potential dates for chartering/reactivation at this time.
    - These dates must be congruent with timeline requirements noted below. (i.e. should be at least 2 months from the submission of final requirements for new Chapters)
    - Dates must be on non-sequential dates (i.e, may not be Friday, Saturday, Sunday of the same weekend, etc)
  - Completion of required pledge events, including but not limited to:

- Reviewing all information in the Pledge Handbook and Manual
    - Reviewing all policies of Kappa Psi
    - Conducting a philanthropic activity
    - Conducting a fundraiser for the chapter
    - Conducting a fellowship (aka social) activity
    - Conducting a scholarship event.
    - It is recommended that these activities be conducted while the local ordinances are reviewed by the Legislative Committee.
  - All Members of the Colony must demonstrate minimum competency via the *Kappa Psi Basic Competencies Assessment, as approved by the International Executive Committee*, by attaining 80% of the total number of points available. This assessment shall focus on information provided in the Pledge Handbook and Manual and Kappa Psi policies which are required to be reviewed as noted above.
    - In the event that a Member of the Colony does not demonstrate competence initially, a second assessment may be given to demonstrate proficiency. If the Member of the Colony fails to demonstrate proficiency a second time, remediation at the discretion of the Pledge Educator(s), faculty advisor and Grand Regent's liaison will occur.
    - This assessment must be completed prior to the end of the pledge process.
  - Due to the requirements involved in the pledge process, it is recommended that the pledge process be no fewer than 6-8 weeks unless otherwise mandated by the school.
- Step 7. The Executive Committee shall vote on approval of the Chapter pending the following items are completed:
  - All required monies are paid to the Central Office (this includes the Chartering fee and money for any supplies purchased from the Central Office)
  - Approval of the local ordinances by the Grand Counselor
  - Submission of finalized list of Charter Brothers (for New Chapters Only)
    - Chapter charters shall not be printed until the pledge process is complete to ensure the list of Charter members is accurate.
    - Chapters are encouraged to choose a date for chartering that is at least 6 weeks from the end of the pledge process if they wish to have their official Charter present at the installation ceremony. During this time, the focus of the Colony should be arranging the events associated with the Chartering Ceremony and they may conduct any additional activities they wish.
    - Note: It is the responsibility of the Colony's pledge president to ensure the accuracy of all names and spelling on this list. Any errors found on the charter due to errors on the list shall be the responsibility of the Chapter and they shall be required to pay to have the Charter remade.

- Completion of all other required items as noted in the Chapter Chartering Checklist (attached).

### *Timeline*

- At least eight (8) weeks away from Chartering:
  - The Executive Committee chooses a date for chartering/reactivation and a member of the Committee makes a motion that includes the chartering date.
- At least six (6) weeks away from Chartering:
  - If the motion for granting a charter passes, the Grand Regent's Liaison notifies the Colony, Province Satrap, and Province Supervisor that the motion for a Charter has passed.
  - The Grand Regent makes this announcement via the listserv.
    - The announcement should include the Chartering/Reactivation Date as well as a contact person for those Brothers interested in attending the Chartering Ceremony.

**Policy Name: Graduate Voluntary Dues**

Effective Date: March 2011

Revised:

**Purpose**

To create a suggested pay by date for Graduate Brothers wishing to pay Voluntary Dues.

**Policy**

The cycle for Graduate Voluntary Dues is January 1 through December 31. The suggested pay by date for Voluntary Dues is March 15.

**Policy Name: Antitrust Policy**

Policy Number: 17

Effective Date: December 2013

Revised:

**Purpose**

Kappa Psi Pharmaceutical Fraternity, Inc. is a not-for-profit organization. The Fraternity is not organized to and may not play any role in the competitive decisions of its members or their employees, nor in any way restrict competition among members or potential members. Rather it serves as a forum for a free and open discussion of diverse opinions without in any way attempting to encourage or sanction any particular business practice.

The Fraternity provides a forum for exchange of ideas in a variety of settings including its Grand Council Convention, Province Meetings, Chapter Meetings, educational programs and workshops, committee meetings, and International Executive Committee meetings. The International Executive Committee recognizes the possibility that the Fraternity and its activities could be viewed by some as an opportunity for anti-competitive conduct. Therefore, this policy statement clearly and unequivocally supports the policy of competition served by the antitrust laws and to communicate the Fraternity's uncompromising policy to comply strictly in all respects with those laws.

While recognizing the importance of the principle of competition served by the antitrust laws, the Fraternity also recognizes the severity of the potential penalties that might be imposed on not only the Fraternity but its members as well in the event that certain conduct is found to violate the antitrust laws. Should the Fraternity or its members be involved in any violation of federal/state antitrust laws, such violation can involve both civil and criminal penalties that may include imprisonment for up to 3 years as well as fines up to \$350,000 for individuals and up to \$10,000,000 for the Fraternity plus attorney fees. In addition, damage claims awarded to private parties in a civil suit are tripled for antitrust violations. Given the severity of such penalties, the Board intends to take all necessary and proper measures to ensure that violations of the antitrust laws do not occur.

**Policy**

In order to ensure that the Fraternity and its members comply with antitrust laws, the following principles will be observed:

- The Fraternity or any committee, Province, Chapter, or activity of the Fraternity shall not be used for the purpose of bringing about or attempting to bring about any understanding or agreement, written or oral, formal or informal, expressed or implied, among two or more members or other competitors with regard to prices or terms and conditions of contracts for services or products. Therefore,

discussions and exchanges of information about such topics will not be permitted at Fraternity meetings or other activities.

- There will be no discussions discouraging or withholding patronage or services from, or encouraging exclusive dealing with any supplier or purchaser or group of suppliers or purchasers of products or services, any actual or potential competitor or group of actual potential competitors, or any private or governmental entity.
- There will be no discussions about allocating or dividing geographic or service markets or customers.
- There will be no discussions about restricting, limiting, prohibiting, or sanctioning advertising or solicitation that is not false, misleading, deceptive, or directly competitive with Fraternity products or services.
- There will be no discussions about discouraging entry into or competition in any segment of the marketplace.
- There will be no discussions about whether the practices of any member, actual or potential competitor, or other person are unethical or anti-competitive, unless the discussions or complaints follow the prescribed due process provisions of the Fraternity's bylaws.
- Certain activities of the Fraternity and its members are deemed protected from antitrust laws under the First Amendment right to petition government. The antitrust exemption for these activities, referred to as the Noerr-Pennington Doctrine, protects ethical and proper actions or discussions by members designed to influence: 1) legislation at the national, state, or local level; 2) regulatory or policy-making activities (as opposed to commercial activities) of a governmental body; or 3) decisions of judicial bodies. However, the exemption does not protect actions constituting a "sham" to cover anticompetitive conduct.
- Speakers at committees, educational meetings, or other business meetings of the Fraternity at the international level shall be informed that they must comply with the Fraternity's antitrust policy in the preparation and the presentation of their remarks. Meetings will follow a written agenda approved in advance by the Fraternity or its legal counsel.
- Meetings will follow a written agenda. Minutes will be prepared after the meeting to provide a concise summary of important matters discussed and actions taken or conclusions reached.
- At informal discussions at the site of any Fraternity meeting all participants are expected to observe the same standards of personal conduct as are required of the Fraternity in its compliance.

## **Policy: Conflict of Interest**

Effective Date: December 2013

Revised:

### **Purpose**

  - Identifies classes of individuals within the organization covered by this policy
  - Facilitates disclosure of information that may help identify conflicts of interest

This policy is focused upon material financial interest of, or benefit to, such persons.
- Individuals covered. Persons covered by this policy are the organization's elected international officers, Executive Director, Editor of the MASK, Webmaster, Central Office staff and any other Members who may, as needed, sign consulting contracts to provide services on behalf of the Fraternity.

- Managing conflicts. For each interest disclosed to the Executive Director, he or she will determine whether to:
  - Take no action;
  - Assure full disclosure to the board of directors and other individuals covered by this policy;
  - Ask the person to recuse from participation in related discussions or decisions within the organization; or

- Ask the person to resign from his or her position in the organization or, if the person refuses to resign, become subject to possible removal in accordance with the Fraternity's Constitution & By-Laws.
  - The Fraternity's Executive Director will monitor proposed or ongoing transactions for conflicts of interest and disclose them to the Grand Regent, or the Grand Vice-Regent should the conflict of interest be with the Grand Regent, in order to deal with potential or actual conflicts, whether discovered before or after the transaction has occurred.

## **Policy Name: Chapter Dormancy**

Effective Date: August 2016, December 2018

Revised:

### **Purpose**

Per By-Law II, Section 7 of the Constitution, the Executive Committee has the authority to suspend a Chapter for non-payment of annual dues. This policy is meant to clearly define the timeline to dormancy and the exact process for notification.

### **Policy**

- Per the By-Law II of the Constitution, due dates for monies owed to the Central Office are as follows:
  - Collegiate Chapters
    - February 15<sup>th</sup> – Annual Risk Management Fee and per capita dues for February, March, April and May of the same collegiate year
    - October 15<sup>th</sup> – Per Capita dues for October, November, December of the same collegiate year and January of the following year.
  - Graduate Chapters
    - March 15<sup>th</sup> – Annual Risk Management Fee and the Annual Graduate Chapter Fee
- After three consecutive years of non-payment (dues or other unpaid invoices), the Chapter shall be declared dormant at the start of the 4<sup>th</sup> year on the due date of standard payment according to the procedure listed below.
- Any chapter in arrears may set up a payment plan at the discretion of the Executive Director, who shall notify the International Executive Committee.
  - Partial payments shall apply first to the oldest portion of the debt in order to prevent risk of Chapter dormancy.
  - Failure to make any payments in the timeline established by the Executive Director shall first result in an interest penalty according to the constitution of 2% per month.
  - Failure to make a second payment would automatically put the chapter into dormancy.
  - Chapters in payment plans shall still be considered in arrears until full payment is made and shall not be permitted to seat delegates or receive reimbursement for attendance at GCC. Delegates may petition the Grand Council to be seated according to By-Law V, Section 1 of the Constitution.
- Once a Chapter is declared dormant, it must go through the process outlined in the *“Establishing a NEW Graduate Chapter/Reactivating a Graduate Chapter”* or

*“Establishing a New Collegiate Chapter/Reactivating a Collegiate Chapter”*  
policy.

### **Procedure**

- The Central Office shall maintain records of all chapters in arrears for any payment.
- Distribution of invoices will reflect all current debts owed to the Central Office.
  - Communication about dues shall be through the Chapter’s official Kappa Psi email account.
  - If the Chapter has other outstanding dues, the notification shall be carbon copied to the Regent on file and Grand Council Deputy (for Collegiate Chapters) with the Central Office.
    - It is the responsibility of the Chapter to ensure accurate contact information for the current Regent and GCD of the Chapter is on file.
- At notification of the third years dues being overdue (current year, plus two previous years), the Central Office shall notify the Chapter of the date they will be declared dormant if no action is taken.
  - This notification shall also be communicated to the Satrap of the Province and the Collegiate Member-at-Large for Collegiate Chapters or the Graduate Member-at-Large for Graduate Chapters, so they may reach out to offer assistance to those Chapters.
- If three years remain unpaid at the due date for the fourth year, the Chapter shall be declared dormant at that time.
  - For example, a Chapter in arrears for 2012, 2013 and 2014, shall be declared dormant on the due date in 2015.
- Once the date of dormancy passes with outstanding debt and no repayment plan approved by the executive director; the Executive Director shall email the International Executive Committee, Province Satrap, Regent of chapter on file and Grand Council Deputy and School/College of Pharmacy (for collegiate Chapters) notice of dormancy status. This notification will include the most recent invoice of total outstanding debts itemized by each occurrence of unpaid debt with the date of effective dormancy.
- The determination of dormancy status can be petitioned by the chapter to the Grand Regent via email. The Grand Regent will send the petition to the International Executive Committee who shall have 30 days to decide on the matter, and this decision is final.
- Upon the declaration of dormancy and the closing of a chapter, the Chapter Charter must be returned to the Central Office. All Ritual regalia and paraphernalia, badges, pledge pins, and all handbooks must be returned to the

Central Office or officially accounted for in a correspondence to the Central Office. In addition, all social media accounts must either be closed or the name must be changed such that any unrecognized name or dormant chapter designation is removed.
